

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the work entails transferring loads, positioning heavy steel or landing loads on scaffoldings, utilizing a Lull telehandler will really help make the job go easier and faster. These units are available with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull could supply eighty inches of boom travel for precision placement capabilities. There are even a lot of optional Lull accessories for their telehandlers so as to help finish any job.
