

Fork Mounted Sweepers

Fork Mounted Sweepers - This particular accessory truly makes industrial sweeping tasks a lot easier to do. The handy forklift mounted broom is designed for use with either dry or wet material clean ups. It could push snow and squeegee water without problems. This accessory is often used so as to clean debris from docks, parking lots, warehouses, construction sites and almost anywhere it is required. The forklift sweeper is a low maintenance accessory which uses quick-tite blade products to easily connect to the forklift.
